

Civil Engineering
Academic year 2013-14

Students

- Guest lectures are needed for better understanding of core courses.

Employer

- Students requires soft skill training
- Little programming knowledge related to civil engineering is to be improved

Parents

- Students' information regarding their attendance, academic performance is expected in regular intervals.

Alumni

- Frequent alumni meetings may be conducted.
- The library facilities will be extended
- Opportunities may be provided for improving communication skills

Action Taken Report

Being an affiliated college of JNTUH, university curriculum and syllabi is being followed. The college is following the below mentioned actions to bridge the curriculum gap.

The college follows a continuous review system for the curriculum. The Institution would like to include the following aspects which will enrich the curriculum

- Organizing technical seminar from industry experts
- Conducting courses on communication skills, Environmental Engineering and Employability Skills
- The students information are communicated to parents promptly
- It is planning to extend the library facilities for students
- Students are encouraged to improve their technical knowledge through technical workshop, online learning.
